OUTLOOK

MDRT[®]

DEAR FRIENDS OF MDRT

I am honored to share with you this year's MDRT Outlook. Thinking back to when I first qualified for MDRT membership 25 years ago, I could not have envisioned the limitless possibilities, not just for myself as an advisor but for MDRT as an organization.

There has never been a better or more exciting time to be involved with MDRT, The Premier Association of Financial Professionals®.

MDRT is flourishing and transforming as a global group. Our worldwide membership of nearly 95,000 top performers is a core strength and point of pride. That is a record number of members for MDRT, representing more than 700 companies in 80 nations and territories.

That is why MDRT is committed to ensuring every member has the localized resources they need to enhance their connectedness with MDRT and its membership, no matter where they live and work. MDRT will continue delivering powerful tools to help members thrive in their professional and personal lives.

MDRT also has a renewed commitment to financial advisors throughout their careers. Our Family of Brands includes the MDRT Academy, which helps aspiring members achieve MDRT-level production. It is now available in five languages, with Spanish being the latest addition. We also have the MDRT Center for Field Leadership, which helps team and field leaders become the best they can be.

What does this mean for members across the Family of Brands? More value, better engagement, higher production and a stronger Million Dollar Round Table!

As MDRT nears its centennial anniversary in 2027, we are already preparing for the next 100 years. The best is yet to come, and we will continue to get stronger – together.

Sincerely,

Gregory B. Gagne, ChFC

WHOLE PERSON CONCEPT

It can be easy to fixate on professional success and lose sight of other equally meaningful aspects of our lives, such as family or community service. MDRT advocates the Whole Person concept and provides resources to help members expand their focus and achieve a balanced lifestyle.

Robust, healthy lifestyle

Within MDRT, members know their ability to creatively problem-solve for clients is dependent on their own physical and mental well-being. They thus strive to maintain a sound and balanced mind and body through lifestyle choices, improving the quality of their life and a more productive business.

Strong, fulfilling relationships

MDRT members make it a priority to spend meaningful time with family and friends so they can build relationships based on sharing, love, mutual respect and openness. This is the foundation for happiness and prosperity for all members.

Intellectual development

Intellectual curiosity is a core value of every MDRT member. They believe in the power of lifelong learning and actively seek the growth it provides. Incorporating a new skill or gaining knowledge drives members forward as professionals and individuals.

Career success and growth

No matter the pace, forward momentum will lead to accomplishing goals.

Continual membership in MDRT reflects how members value this incremental progress, as engaging with fellow peers provides opportunities to gain new perspectives and continued growth.

Financial security

MDRT members lead by example. They follow the advice they give to their clients and take steps to nurture their own financial security. Keeping personal finances in order removes potential distractions and helps members concentrate on their clients' needs.

Commitment to community service

Every MDRT member strives to provide service to others and be a positive influence on their community. By contributing their time, energy and financial resources with no expectation of personal gain, they become uplifting role models.

Spiritual and personal values

MDRT members align their work with their values and spiritual beliefs. They find long-term meaning and purpose by cultivating these facets of their lives to grow toward greater fulfillment.
