MEMBERSHIP INFORMATION FOR THE 2025 MILLION DOLLAR ROUND TABLE

I. PRODUCTION REQUIREMENTS

1. Production Methods

Membership in the 2025 Round Table will be based on the following production methods: (See page 4 for products)

Commission Method

A minimum of USD 81,000 of eligible commissions paid is required.

• Premium Method

A minimum of USD 162,000 of eligible paid premium is required.

Income Qualification Method

A minimum of USD 140,000 in annual gross income from the sale and service of insurance and financial products is required. A minimum of USD 40,500 must be income from new business generated during the production year.

2. Court of the Table (COT)

Commission and Premium Method

A minimum of USD 243,000 of eligible commissions paid or USD 486,000 of eligible paid premium is required.

Income Method

A minimum of USD 420,000 of eligible annual gross income is required. The applicant must meet the minimum of USD 40,500 in new business.

Elimination of the Risk-Protection/Core Credit Requirement

MDRT has eliminated the requirement that a minimum of 50% of an applicant's qualifying production come from Risk-Protection Credit or "core products." Applicants from the Markets below will be able to qualify using *any* MDRT eligible product in *any* combination or proportion.

Australia Ireland New Zealand
Belgium Isle of Man South Africa
Canada Israel United Kingdom
Gibraltar Italy United States

3. Top of the Table (TOT)

• Commission and Premium Method

A minimum of USD 486,000 of eligible commissions paid or USD 972,000 of eligible paid premium.

• Income Method

A minimum of USD 840,000 of eligible annual gross income is required. The applicant must meet the minimum of USD 40,500 in new business.

• Top of the Table Waivers

Top of the Table members with a minimum of 10 years of Top of the Table membership who do not meet the required minimum production level may apply under the Top of the Table waiver provision but must submit required Top of the Table dues.

PLEASE NOTE

Applicants may not combine production credit from the methods above to attain the minimum requirement. Applicants will be approved only under one method.

The 2025 production requirements for applicants outside the U.S. are expressed in local currency in the tables at the end of this document. All commission, premium or income credit reported must be converted to U.S. dollars (USD) using the MDRT conversion factor listed at the end of this document.

II. ELIGIBILITY

1. Qualification Overview

- First-time applicants for MDRT must use either the commission or premium methods to demonstrate qualification for membership. (See chart on page 5.)
- Any individual with prior MDRT membership is eligible to apply using the income qualification method.

2. MDRT Status Designations

Each MDRT status designation is granted for **one year only**. All members **must apply every year** to continue their affiliation with MDRT.

• Qualifying Member

An individual who is a first-time applicant becomes a Qualifying (Q) member when their application papers are approved. Until the tenth year of membership is attained, the member will be a Qualifying member.

• Qualifying & Life Member

An individual becomes a Qualifying & Life (QL) member when approved for the tenth year of membership. Qualifying & Life status is maintained in future years by submitting an application each year, including certifying letter(s) demonstrating qualifying production or by attesting to having met current minimum production levels, and by paying the required dues.

6% of new money invested

100% of the gross fee

Life Member

100% of all commissions/fee

100% of the net fee

After Qualifying & Life membership has been attained, applicants for Life status will declare that they did not meet the production requirement, but still wish to continue their MDRT membership. Life members **must annually submit an application and pay dues**.

III. REPORTING

1. Verifying Production

• Commission and Premium Verification

First-time applicants must apply using **ONLY** the commission or premium methods and supply a certifying letter(s) with third-party verification. Those applying for Qualifying membership (years two through 10) may submit the customary certifying letters with third-party verification for commission or premium or submit a self-signed certifying letter and attach supporting documents for the income qualification method as outlined above. Certifying letters may be completed by a representative of the company/broker-dealer/brokerage agency, a Certified Public Accountant (or equivalent) or a representative of the applicant's personal agency/corporation/office.

• Income Verification

Verification of eligible production under the income qualification method will be accomplished via a certifying letter signed by the applicant. All applications submitted under the income method are subject to a random production verification audit at a later date. If selected, the individual will need to supply supporting documents, such as commission statements, that verify the amounts claimed. Other acceptable supporting documents would be a statement of income signed by a representative of the company/broker-dealer/brokerage agency, a Certified PublicAccountant (or equivalent) or a representative of the applicant's personal agency/corporation/office. Tax documents may also be used.

Page 5 Non-Core - 2/19/2025

Simplified Reporting for Qualifying & Life and Life Members

Once eligibility for Life status has been attained, members who have achieved Qualifying & Life or Life status are eligible to submit an application each year, including certifying letter(s) demonstrating qualifying production or by attesting to having met current minimum production levels, and by paying the required dues. Proof of production (i.e., certifying letters or commission/income documents) will not be required beginning in the eleventh year. Applicants for Life status will declare that they did not meet the production requirement, but still wish to continue their MDRT membership.

2. Court of the Table

 Applicants must continue to submit proof of production via certifying letter(s) until achieving 10 years of membership at the higher level. They may declare their eligibility without certifying letters or income documents when applying for the eleventh year of membership at Court of the Table level.

3. Top of the Table

 Applicants must continue to submit proof of production via certifying letter(s) until achieving 10 years of membership at the higher level. They may declare their eligibility without certifying letters or income documents when applying for the eleventh year of membership at Top of the Table level.

4. Application Forms

 Applications for 2025 MDRT membership will be available on November 1, 2024. Applicants may complete an online application or download a paper application at <u>mdrt.org</u>. A paper application may also be requested by phone, fax or email at <u>memberrelations@mdrt.org</u>.

5. <u>Certifying Letters</u>

- A certifying letter signed by an official from the company an applicant is using for MDRT qualification is required when applying under the commission or premium method. Otherwise, the application will be considered incomplete and membership may be denied. These companies may include life insurance companies, agencies, brokerage companies, broker-dealers, banks or mutual fund companies. Also acceptable would be a certifying letter completed by a representative of the company/broker-dealer/brokerage agency, a Certified Public Accountant (or equivalent) or a representative of the applicant's personal agency/corporation/office.
- A Certified Public Accountant (CPA) or the equivalent may sign certifying letters for financial planning fees/fees for advice that are paid directly to the producer when applying under the commission or premium method.
- Brokerage companies are defined as third-party wholesalers
 of insurance and investment products that are provided to
 agents on behalf of insurance and investment companies.
 Should an applicant be an official of a brokerage company,
 the product provider who pays the commissions must sign
 the certifying letter unless applying under the income
 qualification method.

- Income certifying letters are self-reported, signed by the applicant. If selected for a production verification audit, the individual will need to supply supporting documents to verify the amounts claimed, such as:
 - Commission statements
 - A statement of income signed by a representative of the company/broker-dealer/brokerage agency, a Certified Public Accountant (or equivalent) or a representative of the applicant's personal agency/corporation/office
 - Tax documents

6. Honor Roll

Individuals with at least 15 years of qualifying membership (qualification by production) shall be designated as members of the "Honor Roll."

IV. ADDITIONAL REQUIREMENTS

1. Annual Membership Dues: USD 600

- Required dues, completed application and other required forms must be postmarked on or before March 1, 2025.
 Applications postmarked after March 1 will be considered only if accompanied by an additional fee of USD 200.
- Members with 50 or more years of membership are exempt from the MDRT-level dues. They must, however, pay Court of the Table or Top of the Table dues.

2. Court of the Table Dues: USD 50

• In addition to remitting regular MDRT dues, a Court of the Table applicant must remit the required Court of the Table dues.

3. Top of the Table Dues: USD 550

• In addition to remitting regular MDRT membership dues, a Top of the Table applicant must remit the required Top of the Table dues. Top of the Table membership dues includes Court of the Table dues.

4. Life, Reduced Dues: USD 200

- Life members who meet all four of the criteria below are eligible to pay a reduced dues amount.
 - A Life or a Qualifying & Life member, and
 - Applying as a Life member, and
 - 65 years of age by December 31, 2024, and
 - Have either 25 years of membership <u>OR</u> 20 years of membership with production.

Online payment options are available. For more information, please refer to your 2025 membership application.

5. <u>Disability Waiver</u>

• Life members who have been declared totally disabled for six consecutive months during 2024 may petition for a waiver of payment of dues for the 2025 Table. A disability petition form and doctor's statement must be submitted by March 1, 2025, with the membership application. Each petition will be judged on its own merit.

Page 6 Non-Core - 2/19/2025

6. Former Life Member Options

- Former Life and Qualifying & Life members who wish to rejoin MDRT have two options:
- Option One: They may choose not to pay back dues for the years missed and submit the current minimum production and current membership dues with their application. Their member status will revert to Qualifying and they must again fulfill the requirements to attain Life or Qualifying & Life status, which includes accumulating an additional nine years of Qualifying membership.
- Option Two: They may retain Life or Qualifying & Life member status by paying back dues for the number of years missed, not to exceed a maximum of five years, and by meeting the then current requirements for Life membership. The maximum number of years for which back dues may be required will be reduced to three years if the member submits qualifying production for the current year. The amount of back dues will be based upon the current dues at the time of reinstatement. Please note: Payment of back dues does not provide credit for member year(s) missed.

V. CLARIFICATIONS

1. Eligible Commissions, Fees

Production credit (for commissions) will be based on eligible commissions received during 2024. Credit may include either earned or advanced (annualized) commissions or both. Advanced (annualized) or earned commissions must be paid to the applicant in 2024 to be eligible for MDRT credit. Please note:

- Commissions paid on a levelized basis may be reported using the present value of up to the first five years' commission discounted at 10% per year, not to exceed 55% of first-year premium.
- Annualized commissions may be reported for credit if paid, but any chargeback of annualized commissions in a subsequent production year will result in a reduction of that year's production credit.
- If commissions are paid as earned, a policy effective in 2023 may result in production credit for 2024. The policy must be in force on December 31, 2023, but is not required to be in force as of December 31, 2024.
- Commission credit for pensions is based on the product used to fund the pension (life insurance, annuities, mutual funds, etc.) which determines whether it receives Risk-Protection or Other Products credit.
- Commissions that are part of a deferred compensation program may be claimed up front for MDRT credit, provided they are not claimed again in later years.
- Life insurance policies that exceed the annual premium or target premium are eligible for credit. First-year commission credit may be given Risk-Protection category for the commission paid on the amount up to the annual/target premium. If the annual/target premium is exceeded, (sometimes referred to as a "top up") commission credit may be given in the Risk-Protection category for the commission paid on the amount that exceeded the annual/target premium.
- Override commissions, training allowances, transition packages, training or sign-on bonuses and other sales or expense allowances do NOT qualify under the commission/premium method.

- Fees paid for the placement of a product are eligible for credit toward the commission requirement, as are asset management fees for mutual funds and wrap/asset management accounts. The type of product placed determines the type of credit the product receives (Risk-Protection or Other).
- Financial planning fees/fees for advice are eligible for
 Other Products credit for the net fee paid to the agent/advisor.
 Fees must be documented by certifying letter signed by a
 company official, a broker-dealer official or a Certified
 Public Accountant (or equivalent) for qualifying members.
- Group health insurance commissions are eligible in the first year of the policy only. Additions to the group policy in subsequent years are not eligible for credit.
- Single premium and/or short-term endowment commissions are only eligible in the first year of the policy. Short-term endowment riders (max 15 years) to life insurance policies are eligible for 100% of first-year commissions in the Risk-Protection category.
- Long-term endowment commissions are only eligible in the first year of the policy. Long-term endowment riders (16 or more years) to life insurance policies are eligible for 100% of first-year commissions in the Risk-Protection category.

2. Eligible Premiums

Production credit (for premium) will be based on eligible premium paid or new money invested during 2024. Please note:

- If commissions are paid as earned, premium credit should be given only for the amount of premium actually received during the production year.
- If commissions are annualized, the premium credit should also be annualized. Any chargeback of annualized commissions should also result in a reduction of that year's premium credit.
- A policy that becomes effective in 2023 may result in production credit for the amount of premium paid or new money invested during 2024.
- Life insurance policies that exceed the annual premium or target premium are eligible for credit. First-year premium credit may be given in the Risk-Protection category up to the amount of the annual/target premium. If the annual/target premium is exceeded, (sometimes referred to as a "top up") premium credit may be given in the Risk-Protection category for 6% of the amount that exceeded the annual/target premium.

Page 7 Non-Core - 2/19/2025

- Financial planning fees/fees for advice are eligible for Other Products credit for the gross fee paid to the company, broker-dealer or individual agent/advisor. Fees must be documented by certifying letter signed by a company official, a broker-dealer official or a Certified Public Accountant (or equivalent) for qualifying members.
- Group health insurance premium is eligible for credit in the first year of the policy only. Additions to the group policy in subsequent years are not eligible for credit.
- Single premium and/or short-term endowment premium is only eligible in the first year of the policy. Short-term endowment riders (max 15 years) to life insurance policies are eligible for 6% of first-year premium credit.
- Long-term endowment premium is only eligible in the first year of the policy. Long-term endowment riders (16 or more years) to life insurance policies are eligible for 100% of first-year premium credit in the Risk-Protection category.
- Premium credit for pensions is based on the product used to fund the pension (life insurance, annuities, mutual funds, etc.) which determines whether it receives Risk-Protection or Other Products credit.

3. Eligible Income

Production credit is based on annual gross income paid during 2024. Please note:

- See chart on page 4 for eligible products.
- Under this model, income is defined as first-year, trail and renewal commissions, as well as fees for product placement, asset management fees and fees for advice.
- Other production-based compensation, such as salaries and production-based bonuses, are also eligible for credit.
- Income contributed as part of a deferred compensation planis eligible for credit. Credit should be taken during the production year when the deferred income was earned.
- Override commissions are eligible only for personal production.

Income considered **INELIGIBLE** for MDRT credit includes:

- Training bonuses/allowances
- Sales/expense allowances
- Sign-on bonuses or transition packages
- Overrides derived from the production of others
- Non-cash compensation, such as incentive trips
- Income from property and casualty insurance and general insurance (fire, home, auto, etc.)
- Income from the sale of mortgages
- Life settlements
- Money market accounts

4. <u>Credit for Coverage Written on the Applicant, Spouse or</u> Dependents

 Any business written on the applicant, applicant's spouse or dependents may not exceed a **maximum** of 5% of the current year's MDRT production requirement (USD 4,050 eligible commissions or USD 8,100 of eligible premium or USD 7,000 of eligible income) if any of the premiums are paid, directly or indirectly, by the applicant or spouse.

5. Replacements

- Credit for individual life insurance policies may be claimed only for the amount of first-year commissions or premium on the new policy that exceeds the first-year commissions or premium for the policy being replaced. If the amount is not known, then the amount of commissions being replaced shall be calculated by multiplying the current commission times the appropriate premium for the policy being replaced. Premium credit can be determined by subtracting the replaced premium from the new premium.
- Conversion of a permanent product to a permanent product is to be treated as a replacement for MDRT purposes. This applies only to replacement of individual life insurance policies.

6. Definitions And Interpretations

• Business Paid for and Underwritten

Business to be credited shall be paid for during the MDRT qualification period (January 1 through December 31). Business shall be considered to have been paid for as of the date when the coverage first became fully effective with home office approval from the standpoint of payment of the claim (regardless of company practice or the distance between home and field office). However, no credit shall be allowed until the home office has finally accepted the premium and also until the first-year commissions have been paid or credited to the agent's account without any right reserved to the insurance company to recover same, except in case of recall under the contestable provisions of the contract. On joint, partnership, corporate and/or brokerage business, MDRT credit shall be given for only that portion of the business on which the applicant has been compensated, either by first-year commission or the equivalent.

Health Insurance

Includes policies that pay for or reimburse for medical expenses, including hospitalization, emergency care, day-patient care, diagnosis and treatment, maternity care, as well as policies covering dental, vision and hearing. Critical illness and Long-term care not considered Health Insurance and MDRT credit is addressed separately for them. See page 4 for specifics.

Policy Counts

A policy is defined as an individual contract covering one or more persons. A contract covering an individual should be credited and reported to MDRT as one policy. Similarly, a contract covering a group of people should also be counted as one policy, regardless of the number of people covered under the policy.

• In Force Requirement

Credited business shall include only business which has not been terminated on or before the last day of the MDRT qualification period (December 31) except for business terminated by death or term conversion.

Securities

Includes stocks, bonds or other equities. See page 4 for specifics.

COMMISSION AND PREMIUM PRODUCTION REQUIREMENTS FOR MEMBERSHIP IN THE 2025 MILLION DOLLAR ROUND TABLE

Based on 2024 production, expressed in local currency. Production credit must be reported in U.S. dollars on Certifying Letters.

(Local currency divided by the conversion/standardization factor = MDRT requirement in U.S. dollars) Production requirements are set independently for each Market. Conversion/standardization factors have no relationship to currency exchange rates and are used only to standardize MDRT processing.

For a complete list of Market requirements, see the MDRT website at mdrt.org/join/member-requirements/.

INCOME PRODUCTION REQUIREMENTS FOR MEMBERSHIP IN THE 2025 MILLION DOLLAR ROUND TABLE

Based on 2024 production, expressed in local currency. **Production credit must be reported in U.S. dollars on Certifying Letters.**

Production requirements are set independently for each Market. Conversion (Conv) factors have no relationship to currency exchange rates and are used only to standardize MDRT processing. (Local currency divided by the income conversion = U.S. MDRT requirement.) Qualification under this method is based on a requirement of USD 140,000 in annual gross income from insurance and financial products. A minimum of USD 40,500 must be income from new business generated during the production year. For a complete list of Market requirements, see the MDRT website at mdrt.org/join/member-requirements/.
